

Beneath the San Juans

Mean water depth across the island passages · GEBCO 2026 on two H3 grids

THE SAME WATERS, COARSER CELLS

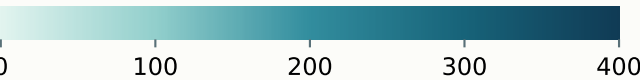

Same extent. Same depth scale.

Native product means; no smoothing or interpolation between cells.

MEAN DEPTH

Metres · positive down

- Generalized land
- Depth unavailable
- Outside snapshot support

A fixed view of real source data

Thin outlines reveal the grid. Gray cells retain missing depth; land is shown separately.

Depth: GEBCO Compilation Group (2026), GEBCO 2026 Grid · 15 arc seconds. Land: Natural Earth v5.1.1 · 1:10 million.

Exploratory notebook snapshot · generalized coastlines · WGS 84 / UTM 10N · not for navigation or a complete regional release.
